

Post Graduate Diploma in International Banking & Corporate Finance

NVQ Level 5

What is the Cambridge Post Graduate Diploma in International Banking and Corporate Finance?

The Cambridge Post Graduate Diploma in International Banking and Corporate Finance prepares learners for the competitive international business environment by providing you with detailed knowledge of banking and finance operations and the critical skills for dealing with complex and unpredictable situations in the financial sector.

This course has been designed to provide graduates with the necessary tools and skills for understanding financial markets and products from a banker's perspective. The programme provides a background in finance methodology as well as the opportunity to go into more depth in selected topics of banking and finance by choosing specialization areas.

The Cambridge (CAM) Post Graduate Diploma in International Banking and Corporate Finance:

- Has been developed by Cambridge (CAM) in close association with leaders in the field to ensure that it is both relevant and accurate
- Was created with an international audience in mind so that globally accepted best practice can be taught while being sensitive to a local context and environment
- Allows on-demand assessment for all modules, so you can enter when the time is right for you
- Is FULLY PRACTICAL as candidates must connect the classroom and the industry by doing examinations through "real-world" solutions for "real-world" organizations. There is no examination through "memorizing and recalling onto foolscaps".
- Will make you an expert in International Banking and Corporate Finance at Post Graduate Level.

Exemptions and credit awards

There are candidates who may have done or have accredited work place experience in a given set of modules. Credits may be awarded hence exemptions in these modules. These can be used to offset any Core or additional set of modules.

Professional Recognition

The Cambridge Post Graduate Diploma in International Banking and Corporate Finance at Professional Level (NVQ L5) is recognized world-wide and graduates immediately get admission as professional members of Cambridge Association of Managers and Oxford Association of Management.

Credit Transfers to Masters Degree

Credit Transfers to Masters Degree Levels varies from university to university. However, this being a Cambridge qualification, such upgrades are generally GUARANTEED in most universities as long as you meet their formal qualifications index.

Most (especially top universities) would always require additional subjects/modules plus GMAT/GRE, TOEFL/IELTS, Computer Literacy evidence and an oral interview to ascertain interpersonal skills in addition to the diploma qualification. A lot of consideration is given to those with work place experience, other qualifications or other exceptional achievement. You will be expected to travel overseas unless it is a local university providing the recognition hence the credit transfers.

Some universities accept a 20,000 word project from those who complete the diplomas at NVQL5 respectively, for credit transfers to masters' degrees.

It is a requirement that candidates meet formal admission procedures of the universities in order to achieve the credit transfers. So, candidates must register directly with the universities for the credit transfers. It is also important to note that the final award of the masters' degree is at the discretion of the awarding university
